Secure and organize your cables and enjoy easy access to your connectors. These clips are ideal for your work surface, wall or night table, and suitable for Apple cables or any other cords up to 5mm thick.

To apply clip:

1. Clean surface so it is free from dust and dirt.
2. Decide exactly where you would like to place the clip as they are not repositionable.
3. Remove backing from the clip, without touching the tape.
4. Position and firmly press the clip onto the surface.
