

Flame retardant

Safe charge

Laptops

For car

65
WATTS

11
pins

TECHNICAL SPECIFICATIONS

- Input: DC 12 - 24V
- Output (USB port): 5V= 1A
- Output: 15V=5A, 16V=4.4A, 18V=3.9A, 19V=3.68A, 20V=3.5A (65W max.)
- Connectors: 11 optional connectors
- Weight: 210g (approx.)

FEATURES

- Compatible with most laptops / notebooks
- Innovative connectors design providing required voltage & polarity
- Over current, over voltage, over temperature & short circuit protection
- Double chipset technology providing constant true voltage with low consumption
