

Ultra slim

10W

Max. output

Safe

TECHNICAL SPECIFICATIONS

- Standard: Qi 1.2
- Input: DC 5V = 2A, 9V = 1.8A
- Output power: 5W / 7.5W / 10W
- Transmission distance: Up to 10mm
- Efficiency: ≥75%
- Dimensions: 107 x 107 x 5.5mm
- Weight: 109g (approx.)

FEATURES

- Anti-slip pad on surface to hold the devices firmly
- Quick charge support to Samsung / Apple and other Qi enabled devices
- Fast wireless charging mode with up to 10W output for compatible devices
- Built-in overvoltage, short circuit and overheating protection for safe charging
